

TRUCKCLAWS®

# S.T.U.D. SPOKELESS TRACTION UTILITY DEVICE

MILITARY-GRADE TRACTION FOR EXTREME CONDITINS

BUILT FOR BATTLE, READY FOR ANY TERRAIN.

#### Mission-Ready Design

Specifically engineered for Joint Light Tactical Vehicles (JLTVs).

#### Heavy-Duty Construction

Made from laser-cut A36 USA milled hot rolled plate steel for maximum durability.

#### Rapid Deployment

Install and uninstall in under 60 seconds, even in high-pressure combat situations.

#### Operational Performance

Drive long distances with the device securely attached.

#### Standard Compatibility

Uses standard wrench sizes to match JLTV lug nuts.

#### Rugged Durability

Black oxide finished hardware and all welded joints with 70,000 lbs tensile filler material for unmatched resilience.

SCAN TO WATCH IT IN ACTION

TRUCKCLAWS®

CONQUER ANY TERRAIN  
WITH CONFIDENCE.

#### BUILT FOR CIVILIAN USE:

##### Designed for All Vehicles

Semi-trucks, Light & Heavy Commercial Vehicles, Pick-Ups, RVs, SUVs, Tractors, ATVs, and more!

##### Enhanced Traction

Overcome Snow, Sand, Ice, and Mud effortlessly.

##### Quick Installation

60 seconds per tire to install, even after you're stuck!

##### Versatile

Can be installed over tire chains and doesn't require nearby trees or rocks like a winch does.
